SETTING UP THE DRIVE ENCLOSURE

NOTE: It's recommended that you first create a copy of your original data prior to connecting to the drive enclosure to prevent the possibility of data loss should a mistake be made during the setup procedure. MANHATTAN accepts no responsibility for lost data.

1. Remove the back cover from the enclosure.

2. Carefully connect your drive to the interface.

3. Re-insert your drive into the enclosure.

4. Replace and tighten the two screws to complete the procedure.
